

Toulouse Lautrec – dancing figures

To create a dancing figure you will need:

- A template
- Scissors
- Crayons
- Split pins, string or paper clips
- Some card – cereal packet cardboard
- Stick – lolly stick

Print out the template and colour in.

You may like to stick your figure to card. It is up to you.

Cut out the pieces. Remember to keep them in the right order so that you get the legs and arms in the right place!

Use a split pin to join the pieces together. You can use a paper clip too or stick a small piece of string not leaving too wide a gap. You may like to fix a stick to the back and then make your figure dance!
